

SAFETY DATA SHEET

1. Identification

Product identifier	Lithium Sulfide (Li2S)	
Other means of identification		
SDS number	1MB	
Materion Code	1MB	
CAS number	12136-58-2	
Manufacturer/Importer/Supplier/Dis	stributor information	
Manufacturer		
Company name	Materion Electronic Materials	
Address	6070 Parkland Blvd	
	Mayfield Heights, Ohio 44124	
	United States	
Telephone	1.216.383.4019	
E-mail	Materion-PS@materion.com	
Contact person	Product Stewardship Director	
Emergency phone number	See Section 16	
2. Hazard(s) identification		
Physical hazards	Not classified.	
Health hazards	Acute toxicity, oral	Category 3
	Acute toxicity, inhalation	Category 2
	Skin corrosion/irritation	Category 1B
	Serious eye damage/eye irritation	Category 1
Environmental hazards	Not classified.	

Not classified.

OSHA defined hazards

Label elements

Signal word	Danger
Hazard statement	Toxic if swallowed. Toxic if inhaled. Causes severe skin burns and eye damage. Causes serious eye damage.
Precautionary statement	
Prevention	Do not breathe dust/fume/gas/mist/vapors Use only outdoors or in a well-ventilated area.
Response	IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. IF ON SKIN (or hair): Remove/take off immediately all contaminated clothing. Rinse skin with water/shower. IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. Wash hands after handling.
Storage	Store in a well-ventilated place. Keep container tightly closed. Store locked up. Store away from incompatible materials.
Disposal	Dispose of contents/container in accordance with local/regional/national/international regulations.
Hazard(s) not otherwise classified (HNOC)	None known.

3. Composition/information on ingredients

Substances			
Chemical name	Common name and synonyms	CAS number	%
Lithium Sulfide		12136-58-2	100
4. First-aid measures			
Inhalation	Remove victim to fresh air and keep at rest in artificial respiration if needed. Do not use mo Induce artificial respiration with the aid of a p proper respiratory medical device. Call a phy breathing has stopped, perform artificial resp	uth-to-mouth method if victim in ocket mask equipped with a on sician or poison control center i	haled the substance. e-way valve or other mmediately. If
Skin contact	Take off immediately all contaminated clothir poison control center immediately. Chemical contaminated clothing before reuse.	-	
Eye contact	Do not rub eyes. Rinse immediately with pler flush eyes with plenty of water for at least 15 to do. Continue rinsing. Call a physician or pe	minutes. Remove contact lense	es, if present and easy
Ingestion	Call a physician or poison control center imm vomiting. Do not induce vomiting. If vomiting doesn't get into the lungs. Do not use mouth- Induce artificial respiration with the aid of a p proper respiratory medical device.	occurs, keep head low so that s to-mouth method if victim inges	stomach content ted the substance.
Most important symptoms/effects, acute and delayed	Burning pain and severe corrosive skin dama Symptoms may include stinging, tearing, red damage including blindness could result.		
Indication of immediate medical attention and special treatment needed	Provide general supportive measures and tre immediately. While flushing, remove clothes ambulance. Continue flushing during transpo observation. Symptoms may be delayed.	which do not adhere to affected	area. Call an
General information	Ensure that medical personnel are aware of protect themselves. If exposed or concerned		e precautions to
5. Fire-fighting measures			
Suitable extinguishing media	Dry chemical powder. Dry sand. Carbon diox	ide (CO2).	
Unsuitable extinguishing media	Water spray mist or foam.		
Specific hazards arising from the chemical	Water reactive material. During fire, gases ha	azardous to health may be form	ed.
Special protective equipment and precautions for firefighters	Self-contained breathing apparatus and full p	protective clothing must be worn	in case of fire.
Fire fighting equipment/instructions	Use water spray to cool unopened containers	5.	
Specific methods	Use standard firefighting procedures and cor	sider the hazards of other invol	ved materials.
General fire hazards	No unusual fire or explosion hazards noted.		
6. Accidental release meas	ures		
Personal precautions, protective	Immediately evacuate personnel to safe area	s. Keep unnecessary personne	l away. Wear

Immediately evacuate personnel to safe areas. Keep unnecessary personnel away. Wear Personal precautions, protective equipment and emergency appropriate protective equipment and clothing during clean-up. Do not breathe dust. Do not touch procedures damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS. Wear suitable protective clothing,

gloves and eye/face protection.

Methods and materials for containment and cleaning up	Do not get water on spilled substance or inside containers. Avoid dispersal of dust in the air (i.e., clearing dust surfaces with compressed air). Stop the flow of material, if this is without risk.
	Large Spills: Wet down with water and dike for later disposal. Shovel up and place in a container for salvage or disposal. Shovel the material into waste container. Following product recovery, flush area with water.
	Small Spills: Sweep up or vacuum up spillage and collect in suitable container for disposal. Clean surface thoroughly to remove residual contamination.
	Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS.
Environmental precautions	Avoid discharge into drains, water courses or onto the ground. Do not contaminate water sources or sewer.
7. Handling and storage	
Precautions for safe handling	Minimize dust generation and accumulation. Wear protective gloves/protective clothing/eye protection/face protection. Wash hands after handling and before eating. Do not breathe dust. Do not get in eyes, on skin, or on clothing. Do not taste or swallow. When using, do not eat, drink or smoke. Use only outdoors or in a well-ventilated area. In case of insufficient ventilation, wear suitable respiratory equipment. Wear appropriate personal protective equipment. Observe good industrial hygiene practices. Provide good ventilation. DO NOT allow water to come into contact with this material.
Conditions for safe storage, including any incompatibilities	Store locked up. Store away from incompatible materials (see Section 10 of the SDS). Corrosive storage. Store in tightly closed original container in a dry, cool and well-ventilated place.
8. Exposure controls/persor	nal protection
Occupational exposure limits	This substance has no PEL, TLV, or other recommended exposure limit.
Biological limit values	No biological exposure limits noted for the ingredient(s).
Appropriate engineering controls	Good general ventilation should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. Eye wash facilities and emergency shower must be available when handling this product.
	shower must be available when handling this product.
Individual protection measures, su Eye/face protection	ich as personal protective equipment Wear safety glasses with side shields (or goggles) and a face shield.
-	ich as personal protective equipment
Eye/face protection	ich as personal protective equipment
Eye/face protection Skin protection	ich as personal protective equipment Wear safety glasses with side shields (or goggles) and a face shield.
Eye/face protection Skin protection Hand protection	Wear safety glasses with side shields (or goggles) and a face shield. Wear appropriate chemical resistant gloves.
Eye/face protection Skin protection Hand protection Other	 Ich as personal protective equipment Wear safety glasses with side shields (or goggles) and a face shield. Wear appropriate chemical resistant gloves. Wear appropriate chemical resistant clothing. Use of an impervious apron is recommended. Wear positive pressure self-contained breathing apparatus (SCBA). Wear appropriate chemical resistant clothing. Use of an impervious apron is recommended. Wear positive pressure self-contained breathing apparatus (SCBA). Chemical respirator with organic vapor cartridge.
Eye/face protection Skin protection Hand protection Other Respiratory protection Thermal hazards	 Inch as personal protective equipment Wear safety glasses with side shields (or goggles) and a face shield. Wear appropriate chemical resistant gloves. Wear appropriate chemical resistant clothing. Use of an impervious apron is recommended. Wear positive pressure self-contained breathing apparatus (SCBA). Chemical respirator with organic vapor cartridge. Wear appropriate thermal protective clothing, when necessary. Keep away from food and drink. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

Appearance	
Physical state	Solid.
Form	Solid.
Color	Not available.
Odor	Not available.
Odor threshold	Not available.
рН	Not available.

Melting point/freezing point	Not available.
Initial boiling point and boiling	Not available.
range	
Flash point	Not available.
Evaporation rate	Not available.
Flammability (solid, gas)	Not available.
Upper/lower flammability or explose	ive limits
Explosive limit - lower (%)	Not available.
Explosive limit - upper (%)	Not available.
Vapor pressure	<0.0000001 kPa (77 °F (25 °C))
Vapor density	Not available.
Relative density	Not available.
Solubility(ies)	
Solubility (water)	Not available.
Partition coefficient	Not available.
(n-octanol/water)	
Auto-ignition temperature	Not available.
Decomposition temperature	Not available.
Viscosity	Not available.
Other information	
Explosive properties	Not explosive.
Molecular formula	Li2S
Molecular weight	46.95 g/mol
Oxidizing properties	Not oxidizing.
10. Stability and reactivity	
Reactivity	In contact with water releases toxic gas
Chemical stability	Material reacts with water.
Possibility of hazardous reactions	Hazardous polymerization does not occur.
Conditions to avoid	Contact with incompatible materials. Water, moisture.
Incompatible materials	Water, moisture. Strong oxidizing agents.
Hazardous decomposition	Hydrogen sulfide
products	

11. Toxicological information

Information on likely routes of exposure

Inhalation	Fatal if inhaled.
Skin contact	Causes severe skin burns and eye damage.
Eye contact	Causes severe eye burns. Causes serious eye damage.
Ingestion	Toxic if swallowed. Toxic if swallowed. Causes digestive tract burns.
Symptoms related to the physical, chemical and toxicological characteristics	Burning pain and severe corrosive skin damage. Causes serious eye damage. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Permanent eye damage including blindness could result.
Information on toxicological effects	
Acute toxicity	Fatal if inhaled. Causes severe skin burns and eye damage. Toxic if swallowed. Toxic if swallowed.
Skin corrosion/irritation	Causes severe skin burns and eye damage.

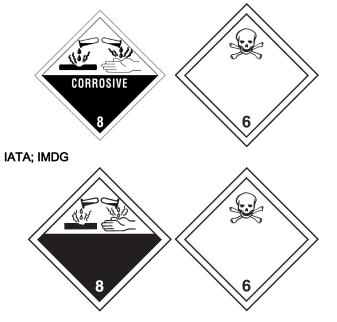

Serious eye damage/eye irritation	Causes eye burns. Causes serious eye damage.
Respiratory or skin sensitization	
Respiratory sensitization	Not a respiratory sensitizer.
Skin sensitization	This product is not expected to cause skin sensitization.
Germ cell mutagenicity	No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.
Carcinogenicity	This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.
IARC Monographs. Overall Ev Not listed.	valuation of Carcinogenicity
	Substances (29 CFR 1910.1001-1053)
US. National Toxicology Prog	ram (NTP) Report on Carcinogens
Not listed.	
Reproductive toxicity	This product is not expected to cause reproductive or developmental effects.
Specific target organ toxicity - single exposure	Not classified.
Specific target organ toxicity - repeated exposure	Not classified.
Aspiration hazard	Not an aspiration hazard.
12. Ecological information	
Ecotoxicity	The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.
Persistence and degradability	No data is available on the degradability of this product.
Bioaccumulative potential	No data available.
Mobility in soil	No data available.
Other adverse effects	No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.
13. Disposal considerations	
Disposal instructions	Dispose of this material and its container to hazardous or special waste collection point. Incinerate the material under controlled conditions in an approved incinerator. Dispose of contents/container in accordance with local/regional/national/international regulations.
Local disposal regulations	Dispose in accordance with all applicable regulations.
Hazardous waste code	The waste code should be assigned in discussion between the user, the producer and the waste disposal company.
Waste from residues / unused products	Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).
Contaminated packaging	Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal.

15. Regulatory information

US federal regulations

This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

Toxic Substances Control Act (TSCA)

TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)

Not regulated.

CERCLA Hazardous Substance List (40 CFR 302.4)

Not listed.

SARA 304 Emergency releas	e notification
Not regulated.	
OSHA Specifically Regulated	Substances (29 CFR 1910.1001-1053)
Not listed.	
Superfund Amendments and Rea	uthorization Act of 1986 (SARA)
SARA 302 Extremely hazard	
Not listed.	
SARA 311/312 Hazardous	Yes
chemical	
Classified hazard	Acute toxicity (any route of exposure)
categories	Skin corrosion or irritation
5	Serious eye damage or eye irritation
SARA 313 (TRI reporting)	
Not regulated.	
Other federal regulations	
•	112 Hazardous Air Pollutants (HAPs) List
Not regulated.	
0	112(r) Accidental Release Prevention (40 CFR 68.130)
Not regulated.	
Safe Drinking Water Act (SDWA)	Not regulated.
US state regulations	
California Proposition 65	
California Safe Drinking	Water and Toxic Enforcement Act of 1986 (Proposition 65): This material
is not known to contain a	ny chemicals currently listed as carcinogens or reproductive toxins. For
