

SAFETY DATA SHEET

1. Identification

| Product identifier | Nickel oxide (NiO) | |
|----------------------------------|---|--------------------|
| Other means of identification | | |
| SDS number | 1YA | |
| Materion Code | 1YA | |
| CAS number | 1313-99-1 | |
| Synonyms | Nickel oxide (NiO) * NICKEL(II) OXIDE | |
| Manufacturer/Importer/Supplier/D | istributor information | |
| Manufacturer | | |
| Company name Address | Materion Electronic Materials 6070 Parkland Blvd Mayfield Heights, Ohio 44124 United States | |
| Telephone | 1.216.383.4019 | |
| E-mail | Materion-PS@materion.com | |
| Contact person | Product Stewardship Director | |
| Emergency phone number | See Section 16 | |
| 2. Hazard(s) identification | | |
| Physical hazards | Not classified. | |
| Health hazards | Sensitization, skin | Category 1 |
| | Carcinogenicity | Category 1A |
| | Specific target organ toxicity, repeated exposure | Category 1 |
| Environmental hazards | Hazardous to the aquatic environment, long-term hazard | Category 1 |
| OSHA defined hazards | Not classified. | |
| Label elements | | |
| Signal word | Danger | |
| Hazard statement | May cause an allergic skin reaction. May ca prolonged or repeated exposure. Very toxic | |
| Precautionary statement | | |
| Prevention | Obtain special instructions before use. Do not and understood. Do not breathe dust. Wash when using this product. Contaminated work | thoroughly after h |

es damage to organs through h long lasting effects. safety precautions have been read handling. Do not eat, drink or smoke ot be allowed out of the workplace. ıy Avoid release to the environment. Wear protective gloves/protective clothing/eye protection/face protection. If on skin: Wash with plenty of water. Wash contaminated clothing before reuse. If exposed or Response concerned: Get medical advice/attention. If skin irritation or rash occurs: Get medical advice/attention. Collect spillage. Storage Store locked up. Disposal Dispose of contents/container in accordance with local/regional/national/international regulations. None known.

Supplemental information

For further information, please contact the Product Stewardship Department at +1.800.862.4118.

3. Composition/information on ingredients

Substances

| Chemical name | Common name and synonyms | CAS number | % |
|---|--|--|--------------------|
| Nickel oxide | Nickel oxide (NiO) NICKEL(II) OXIDE | 1313-99-1 | 100 |
| 4. First-aid measures | | | |
| nhalation | Move to fresh air. Call a physician if sympto | oms develop or persist. | |
| Skin contact | Remove contaminated clothing immediately and wash skin with soap and water. In case of eczema or other skin disorders: Seek medical attention and take along these instructions. | | |
| Eye contact | Do not rub eyes. Rinse with water. Get med | lical attention if irritation develops | and persists. |
| Ingestion | Rinse mouth. Get medical attention if symptotic | toms occur. | |
| Most important symptoms/effects, acute and delayed | Dusts may irritate the respiratory tract, skin and eyes. May cause an allergic skin reaction. Dermatitis. Rash. Prolonged exposure may cause chronic effects. | | |
| ndication of immediate medical attention and special treatment needed | Provide general supportive measures and the Symptoms may be delayed. | reat symptomatically. Keep victim | under observation. |
| General information | IF exposed or concerned: Get medical advided (show the label where possible). Ensure the involved, and take precautions to protect the | at medical personnel are aware of | the material(s) |
| 5. Fire-fighting measures | | | |
| Suitable extinguishing media | Water fog. Foam. Dry chemical powder. Ca | rbon dioxide (CO2). | |
| Unsuitable extinguishing media | Do not use water jet as an extinguisher, as this will spread the fire. | | |
| Specific hazards arising from the chemical | During fire, gases hazardous to health may | be formed. | |
| Special protective equipment and precautions for firefighters | Self-contained breathing apparatus and full | protective clothing must be worn i | n case of fire. |
| Fire fighting equipment/instructions | Move containers from fire area if you can do | o so without risk. | |
| Specific methods | Use standard firefighting procedures and consider the hazards of other involved materials. | | |
| | No unusual fire or explosion hazards noted. | | |

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Wear appropriate protective equipment and clothing during clean-up. Do not breathe dust. Use a NIOSH/MSHA approved respirator if there is a risk of exposure to dust/fume at levels exceeding the exposure limits. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS.

| Methods and materials for containment and cleaning up | Avoid dispersal of dust in the air (i.e., clearing dust surfaces with compressed air). Minimize dust generation and accumulation. Collect dust using a vacuum cleaner equipped with HEPA filter. Prevent product from entering drains. Stop the flow of material, if this is without risk. |
|---|---|
| | Large Spills: Wet down with water and dike for later disposal. Shovel the material into waste container. Following product recovery, flush area with water. |
| | Small Spills: Sweep up or vacuum up spillage and collect in suitable container for disposal. |
| | Never return spills to original containers for re-use. Put material in suitable, covered, labeled containers. For waste disposal, see section 13 of the SDS. |
| Environmental precautions | Avoid release to the environment. Inform appropriate managerial or supervisory personnel of all environmental releases. Prevent further leakage or spillage if safe to do so. Avoid discharge into drains, water courses or onto the ground. |
| 7. Handling and storage | |
| Precautions for safe handling | Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Minimize dust generation and accumulation. Provide appropriate exhaust ventilation at places where dust is formed. Do not breathe dust. Avoid contact with eyes, skin, and clothing. Avoid prolonged exposure. When using, do not eat, drink or smoke. Should be handled in closed systems, if possible. Wear appropriate personal protective equipment. Wash hands thoroughly after handling. Avoid release to the environment. Observe good industrial hygiene practices. |
| Conditions for safe storage, including any incompatibilities | Store locked up. Store in tightly closed container. Store in a well-ventilated place. Store away from incompatible materials (see Section 10 of the SDS). |

8. Exposure controls/personal protection

Occupational exposure limits

The following constituents are the only constituents of the product which have a PEL, TLV or other recommended exposure limit. At this time, the other constituents have no known exposure limits.

| Material | Туре | Value | |
|-----------------------------------|-------------------------------------|---------------------|---------------------|
| Nickel oxide (CAS 1313-99-1) | PEL | 1 mg/m3 | |
| US. ACGIH Threshold Limit Value | es (TLV) | | |
| Material | Туре | Value | Form |
| Nickel oxide (CAS 1313-99-1) | TWA | 0.2 mg/m3 | Inhalable fraction. |
| NIOSH. Immediately Dangerous t | o Life or Health (IDLH) Values, as | amended | |
| Material | Туре | Value | |
| Nickel oxide (CAS 1313-99-1) | IDLH | 10 mg/m3 | |
| US. NIOSH: Pocket Guide to Che | mical Hazards Recommended Exp | oosure Limits (REL) | |
| Material | Туре | Value | |
| Nickel oxide (CAS 1313-99-1) | TWA | 0.015 mg/m3 | |
| US. California Code of Regulatior | ns, Title 8, Section 5155. Airborne | Contaminants | |
| Material | Туре | Value | |
| Nickel oxide (CAS 1313-99-1) | PEL | 0.1 mg/m3 | |

| Material | Value | Determinant | Specimen | Sampling Time |
|---|---|--|--|---|
| Nickel oxide (CAS 1313-99-1) | 30 µg/l | Nickel | Urine | * |
| * - For sampling details, plea | ase see the sourc | ce document. | | |

9. Physical and chemical properties

| • | • |
|------------------------------------|--------------------------------|
| Appearance | |
| Physical state | Solid. |
| Form | Powder. |
| Color | Not available. |
| Odor | Not available. |
| Odor threshold | Not available. |
| рН | Not available. |
| Melting point/freezing point | 3551 °F (1955 °C) |
| Initial boiling point and boiling | Not available. |
| range | |
| Flash point | Not available. |
| Evaporation rate | Not available. |
| Flammability (solid, gas) | Not available. |
| Upper/lower flammability or explos | ive limits |
| Explosive limit - lower (%) | Not available. |
| Explosive limit - upper (%) | Not available. |
| Vapor pressure | <0.0000001 kPa (77 °F (25 °C)) |
| Vapor density | Not available. |
| Relative density | Not available. |
| | |

| Solubility(ies) Solubility (water) | Not available |
|--|----------------------|
| Partition coefficient (n-octanol/water) | Not available. |
| Auto-ignition temperature | Not available. |
| Decomposition temperature | Not available. |
| Viscosity | Not available. |
| Other information | |
| Density | 6.72 g/cm3 estimated |
| Explosive properties | Not explosive. |
| Molecular formula | Ni-O |
| Molecular weight | 74.69 g/mol |
| Oxidizing properties | Not oxidizing. |
| Specific gravity | 6.72 |

10. Stability and reactivity

| Reactivity | The product is stable and non-reactive under normal conditions of use, storage and transport. |
|-------------------------------------|---|
| Chemical stability | Material is stable under normal conditions. |
| Possibility of hazardous reactions | No dangerous reaction known under conditions of normal use. |
| Conditions to avoid | Contact with incompatible materials. |
| Incompatible materials | Strong oxidizing agents. |
| Hazardous decomposition products | No hazardous decomposition products are known. |

11. Toxicological information

Information on likely routes of exposure

| Inhalation | Dust may irritate respiratory system. Prolonged inhalation may be harmful. |
|--|--|
| Skin contact | Dust or powder may irritate the skin. May cause an allergic skin reaction. |
| Eye contact | Dust may irritate the eyes. |
| Ingestion | Expected to be a low ingestion hazard. |
| Symptoms related to the physical, chemical and toxicological characteristics | Dusts may irritate the respiratory tract, skin and eyes. May cause an allergic skin reaction. Dermatitis. Rash. |
| Information on toxicological effects | |
| Acute toxicity | Not known. |
| Skin corrosion/irritation | Prolonged skin contact may cause temporary irritation. |
| Serious eye damage/eye irritation | Direct contact with eyes may cause temporary irritation. |
| Respiratory or skin sensitization | |
| Respiratory sensitization | Not a respiratory sensitizer. |
| Skin sensitization | May cause an allergic skin reaction. |
| Germ cell mutagenicity | No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic. |
| Carcinogenicity | May cause cancer. |
| IARC Monographs. Overall Ev | valuation of Carcinogenicity |
| Nickel oxide (CAS 1313-9 | 99-1) 1 Carcinogenic to humans. |
| OSHA Specifically Regulated | Substances (29 CFR 1910.1001-1053) |
| Not listed. | |
| Matarial a survey Niabal avida (NiO) | |

US. National Toxicology Program (NTP) Report on Carcinogens

| Nickel oxide (CAS 1313- | 99-1) Known To Be Human Carcinogen. | |
|---|--|--|
| Reproductive toxicity | This product is not expected to cause reproductive or developmental effects. | |
| Specific target organ toxicity - single exposure | Not classified. | |
| Specific target organ toxicity - repeated exposure | Causes damage to organs through prolonged or repeated exposure. | |
| Aspiration hazard | Not an aspiration hazard. | |
| Chronic effects | Prolonged inhalation may be harmful. Causes damage to organs through prolonged or repeated exposure. Prolonged exposure may cause chronic effects. | |

12. Ecological information

| Ecotoxicity | Very toxic to aquatic life with long lasting effects. |
|-------------------------------|---|
| Persistence and degradability | No data is available on the degradability of this product. |
| Bioaccumulative potential | No data available. |
| Mobility in soil | No data available. |
| Other adverse effects | No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component. |

13. Disposal considerations

| Disposal instructions | Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Do not allow this material to drain into sewers/water supplies. Do not contaminate ponds, waterways or ditches with chemical or used container. Dispose of contents/container in accordance with local/regional/national/international regulations. |
|--|--|
| Local disposal regulations | Dispose in accordance with all applicable regulations. |
| Hazardous waste code | The waste code should be assigned in discussion between the user, the producer and the waste disposal company. |
| Waste from residues / unused products | Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions). |
| Contaminated packaging | Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal. |

14. Transport information

DOT

Not regulated as dangerous goods.

IATA

Not regulated as dangerous goods.

IMDG

Not regulated as dangerous goods.

15. Regulatory information

US federal regulations

All components are on the U.S. EPA TSCA Inventory List. This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

Toxic Substances Control Act (TSCA)

TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)

Not regulated.
