Profiled Strip Metal for Medical Components
Profiled Strip Metal
For Medical Components

**Preshaped Strip Metal**

- Enable smaller profile devices
- Eliminate costly coining or forging step
- Profiling improves forming constraints
- Not limited by width, temper, or thickness differentials

*If you can draw it.... we can make it!*

**Alloys and Sample Configurations**

**ALLOYS**
- Austenitic
- Ferritic
- Precipitation
- Hardened

**SAMPLE CONFIGURATIONS**
